of eczema. About four years ago I noticed some little pimples coming on my little finger, and not giving it any attention, it soon became worse and spread all over my hands. If I would have them in water for a long time, they would burn like fire and large cracks would come. I could lay a pin in them. After using all the salves I could think of, I went to three different doctors, but all did me no good. The only relief I got was scratching.

"So after hearing so much about the wonderful Cuticura Remedies, I purchased one complete set, and after using them three days my hands were much better. Today my hands were much better. Today my hands were much better. Today my hands are entirely well, one set being all I used." (Signed) Miss Etta Narber, R. F. D. 2, Spring Lake, Mich., Sept. 26, 1910.

No stronger evidence than this could be given of the success and economy of the Cuticura Remedies in the treatment of torturing, disfiguring humors of the skim. A single hot bath with Cuticura Soap and a gentle anointing with Cuticura Ointment are equally effective in preserving, purifying and beautifying the skim, scalp, hair and hands.
